AUDITION REQUIREMENTS:

AUDITION VIDEO

The focus of this audition process is to assess students' ability to present a music performance to an audience. Applicants may audition using any instrument including voice. A studio-produced video is not required however, an appropriate location in which to video your performance without distractions recommended.

Please submit only the requested audition material on USB in any of the following file formats: .wav, .avi, .mov, .mpg, .mp4, .wmv, .flv, .m4v

Maximum length of audition must be **three minutes**. You may play several pieces to make up the required time limit.

Every part of your audition must be well rehearsed and complete.

Performances may be accompanied or unaccompanied to suit the style.

If you are using an accompaniment to support your audition, or performing as part of an ensemble, **please ensure that your part can be heard clearly and is separately identifiable (one person per part)**. Backing tracks are suitable if a live accompaniment is not available.
