P&C DAY
On Friday 10th May we acknowledged and celebrated the fantastic work of the Redlynch State College P&C. It was my pleasure to present a cake to this team of dedicated workers on behalf of the school. I have been involved with many P&C’s over the years and this group is certainly the most professional and well organised. Special thanks to Chris Gloor and the Executive Committee, Janet McIntyre as Operations Manager, the Tuckshop Staff and the OSHC Staff for all their valuable contributions.

As time is so precious for us all, it can often be a struggle to gather parents to support P&C activities hence this has become one of the key focuses for the P&C this year. How appropriate was it to combine Mother’s Day celebrations with P&C day and use this opportunity for the P-6 students to purchase that all important gift for mum. I would like to thank the large group of mothers who spent days in preparation setting up the gift stall and special congratulations must go to Cassie Formosa for her leadership in coordinating the event - a fantastic volunteer.

EVERY DAY COUNTS, EVERY LESSON COUNTS
Thank you to all the families that have responded to our request for improving student attendance. First term’s attendance data of 92.2% was the best we have seen in many years but for some reason it seems to have slipped slightly this term to 91.1%. If students are to reach their potential it is absolutely vital they attend every day. As we are approaching an important time in the school calendar where key assessment items are being finalised, it is even more crucial to get this right. Preparation for the end of semester exams means that not even one lesson should be missed. For our senior schooling students this is of the highest importance, as they only get one opportunity to achieve their exit results and position themselves for a successful future. As parents it is important that you monitor their assessment program and support students by ensuring they have quality study time and their assignments are prepared well in advance.

NEWSLETTERS ARE A KEY COMMUNICATION TOOL
Not one form of communication fits all, so the College is keen to be adaptive to what suits families. A hard copy of the newsletter is sent out to the youngest student in each family and is also forwarded by email to each family that has lodged their email details with the school. If you have not shared your email address with the school or it has changed and you would like to be included please pass your address onto the office and we can add you to the group email list. In semester two we plan to make the colour newsletter a monthly edition and supplement it with a parent information sheet emailed each fortnight. This will reduce our production costs, but will still keep the information flowing.

YEAR 7 INTO 8 PARENT INFORMATION EVENING
As most parents of Redlynch SC are aware, we have had the Year 7 students integrated into the secondary program for several years now. This means we have two transition years for primary students entering secondary school - Year 7 and Year 8. Once again we held a special parent night for future parents of Year 8
students from our neighbouring Primary Schools, in particular Freshwater SS and Caravonica SS. Many of those students reside within our catchment area for secondary schooling. Those that live outside the area will be required to apply for a placement under the enrolment management plan. Full details of the plan can be accessed on the College website.

Tony Fuller

STUDENT BEHA VIOUR

Students at Redlynch State College must behave in a way that adheres to the Respect, Safety and Commitment to learning at our College. Students must be respectful of everyone around them and themselves.

Swearing – some students, not all, are using inappropriate language towards one another and towards staff and the wider community at school. There is no place for swearing at any time at Redlynch State College. Students who swear at teaching staff, ancillary staff, teacher aides, volunteers, parents or other students cause major disruptions in class and will face a minimum 3 day suspension as part of our Behaviour Management Plan. Students who swear at each other during breaks and in class will face lunch time and after school detentions.

STAFF / TIMETABLE CHANGES

Every school across Queensland has changes of staff from time to time. Redlynch State College has had a number of staff changes this year. Staff changes have occurred for a variety of reasons which include teacher transfers, long service leave, maternity leave, sickness, promotion plus other unexpected circumstances.

We have had to adjust the timetable to suit staff leaving due to unforeseen circumstances. This has affected a number of students.

YEAR 11 AND 12 EXAM BLOCK

Students in Years 11 and 12 will have exam block in week 9 from Tuesday 11th – Friday 14th of June. During this time students will only need to attend school for their exams. Full school uniform needs to be worn while at school. Students don’t have exams they need to be at home studying. Students in practical subjects e.g. art and technology can use this time to work on their practical tasks at school.

The exam block timetable will be published and given to students by the end of week 7.

Classes will resume as normal in week 10. Students will begin semester 2 work and it is critical that all students are in attendance.

SCHOOL REPORTS - IMPORTANT INFORMATION

School reports will be sent out by mail at the end of term. Please ensure your mailing address and contact details are up-to-date.

Matt Crosby, Year 8 Science Enrichment Teacher

YE A R 8 AND YE A R 11 VISUAL ART

On Monday, 13th May, Year 11 Art students were most fortunate to have two local fibre artists, Bonnie Alison and Pam Kusabs, members of the Saltwater Creek Basketry Group, come to their class and conduct a random weave workshop.

The students viewed and handled a variety of works from the artists’ exhibition “A Sense of Place” (which was held earlier this year in the Cell Art Space) and learnt important construction skills. Each student produced a natural fibre random weave vessel of their own, which will become part of their experimental folio for the unit of work that they are currently undertaking, Vessel – Environment.

Three students who have not only been displaying their talents on the football field but also in the art room...Zarelee, Tawu and Fitzroy have recently completed a unit of work titled ‘Where is the Centre of My Universe?’ in which students were to create symbolism that reflected their favourite environment and who they are. They then used these designs to create a screen print and lino print that were printed over each other to create a combined composition.

Mrs Webber, Visual Art Teacher
Our Geography class has been looking at improving the safety of Stoney Creek Road in Kamerunga to make it better for residents and visitors to the area. On 6th May our Year 12 Geography class assessed the current issues facing Stoney Creek Road. Local resident and CRECC member, Percy Williams, met us out there to talk about some of the history of the area and dangers of the road. Measurements were taken of the road to see how far we could extend any pathways. We bravely battled big spiders. The class learnt about some of the animals that inhabit the area. Thankfully, the rain held off until the end of the excursion.

**CR LINDA COOPER TAKES TIME TO TALK TO RSC GEOGRAPHY CLASS**

Following on from our Geography excursion to Stoney Creek Road, Cr Linda Cooper visited our class and spoke about how we get money to fund projects in our local area and what kind of facilities are provided by council. Capital funding is the money spent on capital works programs. Council has $135 million dollars for the 2013/14 financial year. This gets broken down into 2 things 1) water and waste and 2) generic capital works program (which applies to Stoney Creek Road).

The Senior Geography class will be forwarding their reports on to Cr Linda Cooper with their ideas for improving the safety of Stoney Creek Road.
Hello, I am only little and I don’t know how to keep myself safe near busy roads. I still need my mummy and daddy to help me learn how to cross the road safely, without getting hit by a car or truck.

I know that it would really hurt me and I would need to spend a very long time in hospital to help me get better. I might not be able to walk again or maybe, I won’t be able to do the things I used to do with you mummy and daddy. If I got hit by a car or truck and got really hurt, I would miss all the fun things I do with my mummy, daddy or friends.

Please, please, please mummy and daddy teach me how to be safe near roads by showing me how to use the crossing safely and not cross between cars and trucks.

Please, please, please don’t tell me to get out of the car on the busy road side of the car. Don’t tell me to cross a road because you are parked and don’t want to come get me. If you come get me, we can chat about our day as we learn how to use the crossing safely. I love chatting with you mummy and daddy because I know how busy you are and that might be one of the only chances we get to chat properly. I will remember those chats forever!

Please, please, please help me to not get hurt and teach me how to live for a very long time because I love you so, so, so, much and I trust you and I will always do what you tell me.

I love you lots!
Your Precious Child

This letter was written due to the three reported very near misses over the last week from Friday 10th May (Mother’s Day Prep Pamper Morning) through to Wednesday 15th May. Police Traffic Branch has been notified.

MANAGING ANXIOUS BEHAVIOUR IN CHILDREN

PARENT WORKSHOP

This workshop held on 1st May was an excellent source of information and was attended by a large number of parents who left with the desire for more time discussing this topic! Presenters Brian Dowling (Advisory Teacher Behaviour) and Jan Bolton (Psychologist) outlined helpful self-talk in difficult situations. Adults can help by discouraging avoidance, praising having a go, introducing challenges gradually, starting small, practise coping skills – help children talk about problems and come up with possible solutions. Understanding and managing feelings help us to be brave. Helpful thinking can be used to encourage 'having a go'.

Watch for the announcement of our next Parent Workshop on the much anticipated topic Thinking and Learning planned for the middle of June.

WANTED! WANTED! WANTED! WANTED!

Each year Redlynch State College welcomes several groups of international students. Through the EQI Study Tour program we are able to provide a real cultural experience for overseas students wanting to enhance their English Language skills and learn more about our culture. Most of these international visits take place between July and October each year.

Some of these groups participate in Home Stay where they attend school with “Buddies” and stay with families from our school community where they immerse themselves in the Australian way of life. These home stay visits are usually for 4 to 10 days and families receive remuneration to cover the cost of food, laundry etc. Lifelong friendships forged between students and host families are a lasting testament to the value of this program. We have one home stay visit rapidly approaching (18 – 30 July) and need more families to join the program. If you would like your family to share in this exciting experience, please contact Robyn Schulte rschu47@eq.edu.au or telephone 4039 5307.

REWARD! REWARD! REWARD! REWARD!

REWARD! REWARD! REWARD! REWARD!
Studying music is one of the most academically beneficial things a child can undertake so why should we be encouraging our children to explore the world of music?

Studying music is one of the most academically beneficial things a child can undertake. Students who participate in music often go on to achieve bigger and better things during their schooling life. Although musical aptitude will vary from person to person, the process of mastering a musical instrument will develop a child’s mental, emotional and cognitive abilities as well as enhance their creative abilities.

While music enhances children’s creativity, it also involves a number of other skills that will serve them well for the rest of their lives. A study done by the American Association for the Advancement of Science shows that learning music can help improve reading comprehension, mathematics, and cognitive skills like verbal and perceptual abilities as well as spatial reasoning and therefore leads to higher scores in reading and maths. Researchers believe it’s because reading musical notes and playing instruments involves thinking ahead, visualising, pattern recognition and using spatial temporal skills – which children don’t get when they’re just watching TV or using the computer. These spatial temporal skills are also one reason why music has been linked to mathematical intelligence and abstract reasoning.

Music educators also tell us that early exposure to music encourages the power of concentration, coordination and self-discipline. Learning music improves your child’s concentration. It takes a great deal of focus and patience to master an instrument. Aside from learning how to read notes, your child will also have to pay attention to his or her posture and factors like rhythm, timing, and even the correct placement of his or her fingers on the instrument’s keys or sound board. Consequently playing a musical instrument also teaches discipline because practice makes perfect. And while playing the piano or the violin may not be as physically rigorous as baseball or soccer, these activities do develop hand-eye coordination—not to mention the fine motor skills required in learning how to write.

Through music, children have the ability to develop exceptional mental, emotional and cognitive skills across disciplines very quickly. Once they begin studying a musical instrument they acquire the facility to enhance these competencies over time. These are just some of the benefits that your child can gain from learning music. If you are interested in exploring what our music program here at Redlynch State College has on offer for your child, more information about our Recruitment and Enrolment process will be in the newsletter shortly. Recruitment for new and continuing Instrumental Music Students 2014 begins in Term 3.

Yours in Music,
Matthew Coxon & Frank Bray: Strings & String Ensembles
Kirsty Rankine: Woodwind & Concert Bands
Kelly Perger: Brass & Jazz Band
Nathan Christodoulides: Drums & Percussion
Aine Rafferty: P-6 Campus & Ilga Lockey: 7-12 Campus
Instrumental Music Coordinators
MOTHER’S DAY STALL

On Friday 10th May, we held our Annual Mother’s Day Stall. A huge thank you to the people who helped out, both before-hand with wrapping and sorting gifts and on the day—the stall ran very smoothly thanks to all of our wonderful volunteers. Special mention must go to Katrina (who made hundreds of bows and ribbons for our gifts), Robyn, Melissa, Xanthe, Michelle, Karin, Rebecca, Katie, Kirsty, Jodie, Barb, Cassie, Nicole, Joanne, Trudie, Sue—I hope I haven’t forgotten anyone! Thanks also to the following people for their assistance, the ladies in the Tuckshop and Canteen, Brian, Colin, Danielle, Sue, Chris, Ellen and Drew, and to the teachers, parents and students, thanks for being so co-operative and making the stall such a success.

Cassie Formosa, P&C Vice President

P&C DAY

The Annual P & C Day was held on Friday 10th May and the College very kindly purchased a scrumptious chocolate cake for all the P & C Staff and Volunteers to enjoy. This is a great day as we all come together to celebrate the achievements of the P & C and its members, as well as having a chance to thank all our wonderful volunteers who help us out time and time again.

FLEXI-SCHOOLS

As you know, we have been looking into the possibility of introducing FlexiSchools into the Canteen on the High School Campus. At this stage, there has been insufficient interest for this to go ahead, however, the Executive Committee would be willing to revisit it again in the future if the need arose. If you are keen for this to happen, please send an email to Janet, P&C Operations Manager, at rscpandc@gmail.com.

FOOD FOR KIDS PROGRAM

The following letter from the students in class 6C has been forwarded to NAFDA as part of the Food for Kids Program and is now in the running for a $1000.00 grant to help us upgrade the Tuckshop on the Primary Campus. We thought we would share it with you along with a photo of the students and Vicki, Anne-Marie and Karen, our wonderful Tuckshop ladies.

“...My school which I have been a student of for four years, needs the $1000.00 from NAFDA for our Tuckshop. Our tuckshop is in desperate need of new appliances and more room so that it can keep up with the growing population of our school and the amount of children wanting tuckshop.

Firstly, my school’s population has grown rapidly since our tuckshop was first built. Ten years ago there was only a few hundred, it is well over 800 now. Each year it is getting harder for the tuckshop people who work in our tuckshop to keep up with all the students wanting to buy healthy snacks, breakfast and lunches. (With $1000.00 our school will be able to expand our tuckshop which would help the workers in the tuckshop a lot). Our tuckshop is being expanded next year, however we will not have the money for all the new equipment needed—$1000.00 will help our school buy them.

Secondly, our school needs new appliances for the tuckshop because the appliances we have now are old. With $1000.00 we would be able to get rid of our old appliances and get new ones which would help an enormous amount.

Thank you for reading our application.” - Yr 6C

CASUAL STAFF WANTED AT OSHC - We are currently looking for people to go on our list for our casual vacancies pool at our Outside School Hours Care Centre. The shifts involved are from 7am to 9am and from 2pm to 6pm. Any shifts required to be worked would be on a purely casual basis and there is no guarantee of regular hours. If you are interested, please give Janet a call on (07)40399237.

OLD SOFAS NEEDED - Do you have any old two-seater sofas that you are looking to get rid of?? OSHC is looking for a couple of sofas to form part of our ‘quiet area’ for the children to have a place to go and read and relax in. If you would like to donate any unwanted furniture, we would really appreciate it. Please contact Janet on (07)40399237 if you can help us out.

MINUTES SECRETARY

The P & C Association is looking for a Minutes Secretary to attend our meetings once a month and to record the minutes and then type them up. This is a very important role on our Executive Committee and we’re looking for someone keen to take on this role, to come along to our meetings, meet some new people and become a part of our great team. If you are interested, please phone Janet, P&C Operations Manager on 40399237 or email her at rscpandc@gmail.com.

APPRENTICESHIP FOR EDUCATOR AT RSC OUTSIDE SCHOOL HOURS CARE CENTRE

Our Outside School Hours Care Centre is currently looking for suitable applicants who are interested in taking on an apprenticeship to gain their Diploma in Childrens' Services with us. This is a four year course and we would help you to gain your Certificate III in Children's Services and then you would go on to complete the Diploma. Whilst studying, you would work at the Centre performing duties in our Before School Care, After School Care and Vacation Care Programmes. For further information, please contact Janet, P & C Operations Manager, on 40399237 or by email at rscpandc@gmail.com.
On Friday, 3rd May, Redlynch College sent two teams to participate in a Rugby League Gala Day at Mann Street. Students from Years 7 and 8 played three games of rugby league against various schools: Woree, St Mary’s Catholic College, Saint Augustine’s, Cairns High, and Cairns combined. Many parents and families came to cheer the boys on.

Our rugby league players played with heart and determination. The Call of “Redlynch” was heard across the park showing their die-hard attitude when tackling and rucking the ball up the field against larger teams. Unfortunately, we were unsuccessful in playing in the grand final. Woree High beat Cairns High in the final match. Many thanks to Jane Hurley for organising, and Ian Shotton and Rod Peckham for coaching the boys. The players are as follows:

2013 BARRON RIVER CROSS COUNTRY

Children from Years 4 through to Year 6 represented Redlynch State College at the recent Barron River District Cross Country. All the children competed strongly and displayed great spirit throughout the day encouraging one another and doing their best. As can be seen in the photos we achieved much success in various age groups.

We wish Harry, Aiden, Connor and Chantelle all the best for this Friday’s Peninsula Cross Country Championship being held at Mareeba. Children who finish in the top five in their age group proceed onto the Queensland State Championships later on this year…

FREE DRESS DAY 7-12 CAMPUS, FRIDAY, 31ST MAY. GOLD COIN DONATION. PROCEEDS GOING TO THE YEAR 12 FORMAL

Barron River Cross Country place-getters (above R)

Harry - 10 yrs 2nd place, Aiden - 10 yrs 3rd place, Connor - 12 yr Boys Age Champion and Chantelle - 12 yr Girls Age Champion

Active Kids are Happy Kids - You can help make a difference and be in the draw for great prizes! As part of the Active Travel Program an evaluation will be undertaken, you can participate by completing a quick consent form which are available at the school admin office on the P-6 campus. We estimate the survey will only take 30 minutes of your time. You will automatically be in the draw for 5 X $50 Woolworths vouchers. Just put your completed consent form in the ‘HAST consent form’ box at the school administration office, then the survey will be e-mailed or sent to you. Thanks for your help!
