STUDENT INTERNET & LOCAL NETWORK AGREEMENT

To Student, Parent/Guardian,
In accordance with Education Queensland policy students are required to complete an Internet and Local Area Network Access Agreement as shown below if they wish to use the Internet and Local Area Network at school. The school internet is accessed through the Education Queensland server called ‘Managed Internet Services’ in Brisbane. This server monitors and filters information and material used by school students across the Internet.

This permission will remain current while the student is enrolled at Redlynch State College unless otherwise revoked.

INTERNET
I understand that the internet can connect me to useful information stored on computers around the world. While I have access to the Internet:

• I will use it for educational purposes only.
• I will NOT look for anything illegal, dangerous or offensive.
• If I accidentally come across something that is illegal, dangerous or offensive, I will:
  (a) Clear any offensive pictures or information from my screen and
  (b) Immediately inform my teacher.
• I will NOT give home addresses or phone numbers – mine or anyone else’s, on the Internet.
• I will NOT use the Internet to annoy or offend anyone else.

LOCAL AREA NETWORK (School Server and Computer Workstations)
As a student accessing RSC Local Area Network:

• I understand I have a responsibility to respect the privileges I have been given.
• I understand that I must display thoughtfulness to other students and respect computer hardware.
• I must NOT give my log-on password to any other student.
• I must NOT access any other users’ (students/staff) home drives or any personal documents.

I understand that accessing other users’ home drives or personal documents is against the law and may necessitate suspension or exclusion from Redlynch State College. PARENT OR GUARDIAN

I understand that the Internet and Local Area Network can provide students with valuable learning experiences. I also understand that it gives access to information on computers around the world, and that the school cannot control what is on those computers; the information may be illegal, dangerous or offensive.

I accept that, while teachers will always exercise their duty of care, protection against exposure to harmful information depends ultimately upon responsible use by students.

I believe ______________________ (Name of Student) understands this responsibility, and I hereby give my permission for him/her to access the Internet and the schools Local Area Network under the above conditions. I understand that students not complying with these rules/conditions will be subject to appropriate action by the school. This may include loss of computer privileges, suspension or exclusion from Redlynch State College.
